

CARTER-SCREEN

CHARACTERISTICS

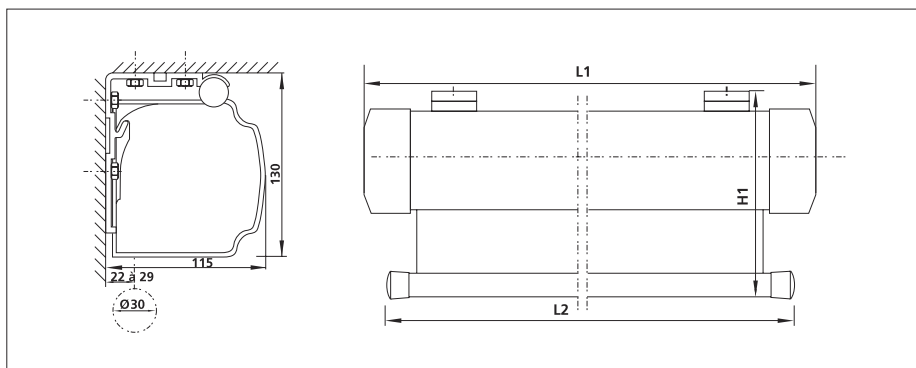

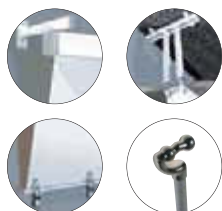

- Anodised aluminium casing.
- Pull-down screen with handle at the bottom of the screen.
- Easy to install on a wall or ceiling.
- The spacing between the mounting brackets can be adjusted to suit the installation constraints.
- Available with Matte White P (opaque back up to 240x240) or Datalux S fabric.
- 4:3 format with all-round 2.5 cm black border to enhance the colour contrast on Matte White P and Datalux S fabrics.
- 16:9 format with 2.5 cm black borders on 3 sides and wide black top border to enhance the colour contrast on Matte White P fabrics.
- 1:1 format without borders.

Wall and ceiling mounting THE STANDARD

This screen is especially recommended for classrooms and conference rooms.

ACCESSORIES / pp. 59-63
